Circular No. RP/2018/11

To: All Chlorothalonil/ Mancozeb/Propineb Registrants,

Dear Sir/Madam,

Quality Assurance of Chlorothalonil/Mancozeb/Propineb Products

Office of the Registrar of Pesticides is committed to perform its quality assurance of pesticides by toxicologically relevant impurities as per the annual performance targets. Please be informed that following pesticide products are identified for quality assurance for major impurities as per the FAO Specifications by an accredited laboratory.

Pesticide product	Impurity
Chlorothalonil	Hexachlorbenzene (HCB)
	Decachlorobiphenyl (DCB)
Mancozeb	Ethylene thiourea (ETU)
	Water
Propineb	Propylene thiourea (PTU)

Therefore, please submit two samples of above pesticides from market samples, packed approximately 100 g/100 ml from original registrants in order to qualify for this program on/before 23.11.2018. A copy of the relevant quality certificate is also required to be submitted along with the sample. The testing fee of the above analysis should be borne by relevant registrants. Please note that all samples must be submitted to the laboratory through Registrar of Pesticides.

I look forward your strict and professional compliance over the matter.

Thank you.

Dr. J.A. Sumith
Registrar of Pesticides
