

Summary Sheet for Data Submission for the Pesticides Subcommittees

01	Product name (common name)) & Strength	
02	Registrant	
03	**Request /Use classification	
04	Product Category	
05	Chemical Class of AI	
06	*Mode of Action	
07	Manufacturer/Country	
08	Reg. Status in Manufacturing country	
09	Other Countries Registered	
10	Formulation Type	
11	Types of containers to be used	
12	*Intended Use	Crops Pests/disease
13	Pre-harvest Interval	
14	Toxicity Data (Acute)/ Formulation	Oral Toxicity in rat- mg/kg body weight Dermal Toxicity in rat -..... mg/kg body weight Inhalation 4h LC50 in rat –mg/l
15	Sub Chronic & Chronic (three months-two years) feeding studies in rat, dog and mouse; Carcinogenicity /Mutagenicity /Reproductive Toxicity/ Teratogenicity; if any	
16	Chemical & physical Properties	Solubility in water- Octanol/water Partition Coefficient
17	Ecological Information	Birds, acute LD ₅₀ or dietary LC ₅₀ toxicity Bees, Acute oral & contact toxicity Fish, acute LC ₅₀ (96h) Aquatic invertebrates, daphniabEC50 (48h)
18	Fate in the Environment	Degradation in plants Degradation in soil Degradation in the aquatic environment
19	Hazard Class (WHO/GSH)	
20	Estimated amount to be imported per year	
21	Proposed Disposal Method	
22	*Justifications if any	
23	Content of As, Hg, Cd as impurities	
24	Cost of unit product	
25	Rate of application	Dilution Rate Rate of Application

For Office Use:

ROP concerns	
--------------	--

*Mode of action, intended use and justifications for the product can be given by an attachment. Please take necessary action to limit this attachment for maximum of one page.

**Please clarify the product as New molecule/New formulation/other (specify) for trials/registration or label expansion

Note: 1.Filled RP- 2A Form, Detail compositions of the product and MSDS of the product also need to be submitted with this summary sheet. (These documents need not to be submitted for the label expansions)

2. If label expansions, please mention the current recommendations already acquired.
